Geoff,

I have looked through the Draft Dow TS document and I agree with all the typographical edits that have been made by the NRC.

Thanks!  
Siaka

Siaka, attached is the proposed Dow LR TSs which have been updated with the typographical edits that we reviewed during our phone discussion this morning. No technical content was altered. Please review the attached file and confirm that these typographical changes are exactly as we discussed and that they are acceptable to Dow.

Thanks
