Hello Roberto,

Attached is the completed Form 314 along with a radiation survey, as requested. I will also confirm that you may proceed with the termination of license 25-29392-01 and amendment to St. Vincent's license as described in the November 30, 2012 letter. We would like this to be effective February 1, 2013.

Thank you,

Justin Sherman, M.S.

Christopher Fitz, St. Vincent Healthcare Radiation Safety Officer

I will be working on the technical review of the attached letter dated November 30, 2012 that describes the merge of Frontier Cancer Center and Blood Institute (NRC License 25-29392-01) into St. Vincent Healthcare (NRC License 25-07553-01). A cursory review determined that additional information is needed. Please provide the following information by reply email.

1. Frontier Cancer Centers and Blood Institute's management needs to submit NRC Form 314 (see attached) requesting termination of license 25-29392-01. I will terminate license 25-29392-01 and will simultaneously issue an amendment to St. Vincent's license. Provide completed NRC Form 314 as a pdf file by reply email.
2. Confirm that I can proceed with the proposed termination of license 25-29392-01 and proposed amendment to St. Vincent's license as described in the November 30, 2012 letter. Indicate if there is a need for these two licensing actions (license termination and license amendment) to be executed on a specific date in the future.

Thank you.
