ISR and the Ross Project.**

Dear Mr. Hsueh,

I am writing with regard to the above mentioned projects which the Nuclear Regulatory Commission (your agency) is currently reviewing for permitting purposes. Since our last correspondence on November 5, 2012, we have not had a response from your agency or any acknowledgment of our correspondence.

At this time the Sisseton Wahpeton Oyate (SWO) is requesting an update on the above mentioned projects. The SWO is interested in participating in the identification process of historic sites that the Sisseton Wahpeton Oyate may place religious and cultural significance.
