Subject: Re: Indian Point Draft Biological Opinion: Request for extension of review until January 30

Dennis - Thank you for this request and for your time by phone yesterday. We also received a request from Entergy with some specific suggestions for wording changes. We will review that submission and be in touch next week. We are anxious to finalize this Biop, but will agree to an extension to work with you to discuss any remaining areas of disagreement. We are hopeful that the full time until January 30th will not be necessary.

Thank you

Dear Ms. Colligan,

The NRC staff requests an extension of the review period of the current draft biological opinion for Indian Point Units 2 and 3 until Wednesday, January 30. We request this extension to further discuss wording of the Terms and Conditions. NRC has contacted Entergy (the licensee) and received its agreement for such an extension. If you have any further questions, please feel free to call me or Mr. Sherwin Turk of our OGC at [301-415-1533](tel:301-415-1533).

Thank you.

Dennis Logan
