## Available Data

**Note to Users:** GIS software such as ArcInfo, ArcView, MapInfo, and AutoCad is required to produce printed maps from these data. BLM personnel are not available to create customized maps for the public using these data. Snapshots of data are based on UTM projection. Refer to the metadata file for the actual projection of the data.

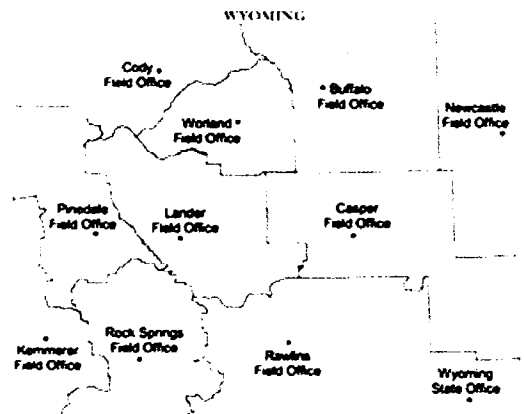

**No warranty is made by the Bureau of Land Management for use of the data for purposes not intended by BLM.**
