NUCLEAR REGULATORY COMMISSION
REGION I
2100 RENAISSANCE BOULEVARD, SUITE 100
KING OF PRUSSIA, PENNSYLVANIA 19406-2713

November 14, 2012

Docket No. 03037850
Control No. 579063

License No. 20-31340-01

George P. Bevan
President
Shaw Environmental & Infrastructure, Inc.
150 Royall Street
Canton, MA 02021

SUBJECT: SHAW ENVIRONMENTAL & INFRASTRUCTURE, INC., LICENSE
AMENDMENT AND CONSENT TO TRANSFER LICENSE, CONTROL NO.
579063

Dear Mr. Bevan:

This refers to your license amendment request dated August 24, 2012. Enclosed with this letter is the amended license changing the license location. This also refers to the letter dated September 28, 2012, describing the proposed transfer of your licensed activities to Chicago Bridge & Iron Company N.V.. From your letter, we understand that this transfer will not result in any change to the licensed name, location of use, materials, persons using licensed material, or persons responsible for radiation safety at the licensed facility.

Based on the above understandings, we have no objection to this transfer. Future changes in the licensed name, use, location, persons responsible for licensed material require submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

G Bevan
