Subject: Financial Assurance Documents**(NOTE: This will be used as the Documents Title in ADAMS)**

1/24/2013 (08:25) I spoke with Mr. Fitzgerald concerning his financial assurance documents and what needs to be changed. He informed me that he had received a voice-mail message from Penny Lanzisera from RI about the financial assurance instruments but had questions. I asked what had been done. Mr. Fitzgerald stated that their RSO had reviewed the program and determined that \$225,000 more was required for financial assurance because of the radium. The licensee is set up for a Surety Bond (SB) and a Standby Trust Agreement (STA) and due to the radium sources would be required to have a Decommissioning Funding Plan (DFP). I informed Mr. Fitzgerald that an addendum to the SB could be sent in amending the document for the new amount of financial assurance, Schedule B of the STA could be sent in with the new amount so the whole document does not need to be redone, and that the RSO would need to submit the DFP for review. Mr. Fitzgerald stated tha he understood and that if he had any further questions, he would contact either Ms. Lanzisera or myself.
