My Name is Juan B. Mancias. I am the Tribal Chairman of the Carrizo/Comecrudo Tribe of Texas, a non federally recognized Tribe of Texas. The Tribe filed for Federal Recognition in 1998.

The reason for my contacting you is in reference of not being included on that list of contacts when any major enviromental impact study is discussed. The Carrizo/Comecrudo have more interest in the area being discussed in Matagorda Bay County than any other. It is documented that the Karankawas were absorbed in by the Carrizo/Comecrudo in 1859 one source is the Book called Cannibal Coast. Books like the Indians of the Rio Grande Delta are new studies that have changed much of the data of the Texas Indians. The Smithsonian institue also has evidence to the Carrizo/Comecrudo being the oldest of many the groups represented on the list. Our presence in Texas is prehistoric and prior to first contact with the Europeans. We know our sacred sights in Texas and along with Atakapa that live near Beaumont need to be part of this consultation.

Please let us know by email and a phone call to the recieving this correspondence.
