I don't have any comment on the draft letter. When would the draft EA be published for comment and does the comment and comment resolution period fit in our licensing milestone schedule?

Hi Steve,

Hope you had a great Holiday with family and friends.

We have drafted the memo that memorializes the decision to issue the Prairie Island ISFSI license renewal Draft EA for public review and comment. Although the memo is addressed to Cathy Haney and we have discussed and coordinated the decision with SFST, we thought it would be good to request SFST's review and concurrence. Therefore, we are kindly requesting SFST's review and concurrence on the attached memo. We have both Michele Sampson and Mark Lombard in concurrence. Also, we are reaching out to you as our point of contact; however, if we need to send this request to another staff or e-mail resource, please let us know.

If you have any questions, please, feel free to contact Jean Trefethen or me.

Thank you for your assistance.
