The list looks very complete—I would add one additional tribe. I checked your list against the list of tribes consulted during the reactor license renewal process and you have captured everyone except the Three Affiliated Tribes, New Town, North Dakota.

Heather and Allan,

Attached please find a list of tribes potentially interested in the relicensing of the PI ISFSI. I have not yet identified the addressee for each tribe, but will do so in the near future. Please review and provide suggestions for additional tribes whom you feel might be interested in consultation with the NRC on this licensing action.

Thank you for your time and input.
