**Subject:** RE: Items for "agenda" for site visit

Sounds great, I'll let Jim know that he should expect 3 from the Community. I have decided to send Jim a "bullet list" of topics and site tour wants so that he can create a schedule that best works for his staff. There is a slight chance that he will need more than one day to cover all of the items and I want to provide him with the list ASAP so that he can begin to gather the resources. With that said if you can provide a bullet list or paragraph that I can put on a larger list by tomorrow that would be great. If not I think I will still send the NRC list tomorrow around noon-ish and let Jim know that there will be more to follow. Some of the NRC technical questions may take some time to answer so I want to give Jim's staff ample time to do so.

I don't mean to rush you for items of discussion just trying to make sure that we can get the best answers by providing sufficient time for them to be answered.

Please let me know if you have any further thoughts or concerns on my proposed plan.

Jean

Thanks Jean. I do believe that Phil will want to come on the site visit and perhaps Tribal Council member Ron Johnson (he is already cleared to accompany NRC inspectors).

Let me give some thought to the agenda and get back to you.

Heather

Hi Heather,

We are beginning to put together an agenda for the site visit and I thought I would see if you have specifics that you would like to add as discussion points, questions or locations to see on the tour. It looks like we will have some folks from NRC's NMSS office joining us, with that in mind I have asked everyone to provide their agenda items as soon as they can so that if we need more time we can verify that Jim Holthaus can accommodate.

Do you think that Phil will attend the site visit or will we plan to meet him at PIIC facilities? Either alternative works well for me, I would like to let Jim know if Phil will be coming to the site so that they can be prepared. I am willing and interested in going to the reservation if that is the preferred meeting place. Let me know what works best for you and I will work my schedule to accommodate.

Jean
