John,

Thanks for the heads up. I know we submitted two hard copies; one to Document Control and one to the Deputy Directors as outlined in LC9.3. Let me know if you need additional hard copies.

John

John,

This email serves to acknowledge receipt and docketing of UR-Energy's letter dated January 15, 2013, for the annual surety update. One reason for the slight delay in docketing is that the document control desk did not receive (or have) a copy and I had to forward the copy sent to the office director to them for the official record.

I am in the process of setting up a review with appropriate NRC staff. For your records, the TAC assigned to this review will be J00695. I will let you know of the proposed milestones for the review schedule.

Thanks

John Saxton
