RE: Confirmatory Action Letter No. 1-12-001

Dear Sir Lorson:

Below is the response to your question from your letter dated May 11, 2012

1. Centro de Medicina Nuclear confirms the continued physical security of the licensed radioactive materials.
2. A physical inventory was performed by David Rhoe on June 1, 2012 and he will form a copy under separate letter to the NRC.
3. Currently the facility is looking for an individual to take over the operations of the laboratory, working under the Centro de Medicina Nuclear License.
4. Centro de Medicina Nuclear does not wish to terminate its license at this time.

Thanks,

Dr. José M. Soltero  
President and Chief Executive Officer
