Desc: I request a copy of the full report by David Loveless regarding his July, 2011, review of the consequences to Fort Calhoun Station of a failure of the dams on the Missouri River.

FeeCategory: Personal_Noncommercial

1

MediaType:

FeeCategory_Description:

Expedite_ImminentThreatText:

Expedite_UrgencyToInformText:

Waiver_Purpose: For information to the public for public participation in the 0350 review process regarding the Fort Calhoun Station.

Waiver_ExtentToExtractAnalyze: The full report will be used. No parts will be extracted from the full report.

Waiver_SpecificActivityQuals: The report will be used for public information so members of the public can be more knowledgeable about the impacts of flooding at Fort Calhoun Station. Flooding is a significant issue in the 0350 process to determine if Fort Calhoun should be allowed to restart. I am an attorney representing the Iowa Chapter of the Sierra Club.

Waiver_ImpactPublicUnderstanding: The design basis of Fort Calhoun to withstand flooding is a central issue in the 0350 process. Public understanding and participation is crucial to the 0350 process. This report will contribute to public understanding of the flooding issue.

Waiver_NatureOfPublic: This information affects members of the public in eastern Nebraska and western Iowa. It may also assist members of the public near other nuclear plants that are below dams that could fail.

Waiver_MeansOfDissemination: Through public meetings.

Waiver_FreeToPublicOrFee: The information will be provided free of charge.

Waiver_PrivateCommericalInterest: None.
