Subject: Crystal River Unit 3 – Withdrawal of Relief Request #12-001-MX, Revision 0
(TAC NO. ME8507)

Reference: CR-3 to NRC letter dated April 30, 2012, “Crystal River Unit 3 - Relief Request
(RR) #12-001-MX, Revision 0, Approval to Use ASME Code Case N-791 for the
Crystal River Unit 3 Containment Repair” (ADAMS Accession No.
ML12124A067)

Dear Sir:

Florida Power Corporation hereby withdraws Relief Request #12-001-MX, Revision 0, in its entirety. The proposed Relief Request (Reference) was submitted to obtain approval to utilize ASME Code Case N-791 during the Crystal River Unit 3 (CR-3) containment repair. The decision to withdraw is based on the determination to retire CR-3.

There are no new regulatory commitments made within this submittal.

If you have any questions regarding this submittal, please contact Mr. Dan Westcott, Regulatory Affairs Manager at (352) 563-4796.

Sincerely,
