Thank you Gene,

I spoke with Heather a few minutes ago. There will be three folks from the tribe. Their questions will have to do with Aging management; cask performance over time, beyond the 25 year current cask certification; what is being done today to assure casks will be alright for 60 years (20 plus the 40 year renewal). They are also interested in the aggregate radiation from the 48 casks (when site is full) to the tribe.

Pam and I will call in at 1:30.

Jean
