Dear Ms. Sealing:

This is a request under the Freedom of Information Act (FOIA). Pursuant to the FOIA, I request that the Nuclear Regulatory Commission provide me with the following document:

a memo dated July 19, 2010, from Lois James to Benjamin Beasley concerning the "*Identification of a Generic External Flooding Issue Due to Potential Dam Failures.*" ML 101900305

I do not expect it to take you more than two hours to find this document, and I do not believe it to be more than 100 pages in length, so I am not expecting to be charged any search or reproduction fees. I would, however, be willing to pay for costs if required.

Please call me at (b)(6) if you have any questions regarding this request.

Thank you.

Sincerely,

*Kay Drey*
