**CERTIFIED MAIL – RETURN RECEIPT REQUESTED**

Mr. John Stephen White

(b)(6)

**FOIA REQUEST**

Case No: 2013-0136  
 Date Rec'd: 2/11/13  
 Requester: Basel  
 Status: \_\_\_\_\_

Dear Mr. White:

This letter is the final response to your January 24, 2013 Freedom of Information Act (FOIA) request for a copy of:

1. the siting and positioning of Nuclear Power Stations
2. the siting and positioning of Electric Substations and their associated Switching Stations and Transformers.

After careful review of your request it was determined that any responsive documents would fall under the jurisdiction of the Nuclear Regulatory Commission (NRC) and not the National Nuclear Security Administration (NNSA). Therefore, by copy of this letter, we are transferring your request to them for processing. NRC will correspond directly with you regarding the outcome of their search.

There are no charges to you for processing your FOIA request.

If you have questions, please contact Mr. Ben C. Jaramillo by e-mail at [Ben.Jaramillo@nnsa.doe.gov](mailto:Ben.Jaramillo@nnsa.doe.gov), or write to the address above. Please reference Control Number FOIA 13-083-J.

Sincerely,

*E. L. Osheim*  
 Elizabeth L. Osheim  
 Deputy General Counsel

23rd January 2013

for the attention of the National Nuclear Security Administration

I would like to submit a Freedom of Information Act Request concerning the following.

1. The Siting and Positioning of Nuclear Power Stations
2. The Siting and Positioning of Electric Substations and their associated Switching Stations and Transformers.

This is with a view to Health & Safety.

Enclosed is a Map of Brighton and Portslade with the Power Station and Substations located throughout Brighton City Centre.

I have completed a course Health & Safety which is why Homestake Mines responded to me I think.

Also I am sending you my US Department of Energy material.

Regards

John White
