Subject: General License Annual Registration

Mr. Bhachu,

as we discussed on the phone today, I just received the General License Device Annual Registration dated January 30, 2013 this morning. It is a past due notice. I never received the original notice that according to this notice was sent on November 30, 2012.

The present notice was sent to Pamela Schneck a lab assistant. For some reason her name appears on Section 1 of the form. As does her phone number. I as Radiation Safety Officer didn't authorize the change of names or phone number of the RSO. I am not sure how all this happened, but I will get the forms filled out and mailed to you promptly with the correct information. All NRC information in the past has always come to me with no problems.

Thank you for your understanding in this matter.
