Dear Mr. Murray:

We have received your revised license renewal application for the GE-Hitachi Vallecitos Nuclear Center (License Number SNM-960) submitted by letter dated November 12, 2012. The NRC is conducting an acceptance review of your application to determine if there is sufficient information for us to proceed with the detailed technical review. You will be notified when we have completed our acceptance review. The Technical Assignment Control (TAC) number L32793 has been assigned to the review of this application. Please reference this number in any future correspondence associated with this application.

In addition, I would like to inform you that effective immediately, I am the Project Manager (PM) for your facility. I can be reached at 301-492-3156 or via email to Rosemary.Reeves@nrc.gov. Also, Mary Adams is the back-up PM who can be reached at 301-492-3113 or via email to Mary.Adams@nrc.gov.

This email will be added to docket number 70-754 and will be available electronically for public inspection in the NRC Public Document Room and the Agencywide Documents Access and Management System (ADAMS).

Best regards,

Rosemary Reeves
