Subject: Amendment to current Material License

We would like to make an amendment to our current Materials License 13-25387-01. Please replace current RSO William C. Achenbach with new RSO Keith D. Fettig.

Keith understands and meets the requirements and responsibilities of the position of Radiation Safety Officer. He is our current safety officer and has been trained and tested by the Seaman Nuclear Corporation(see enclosed certificate).

We would also wish to inform you that the former president of Thermo-Scan, Phillip C. McMullan has passed away. Please change all primary contact info to Andrew S. McMullan, President, Thermo-Scan Energy Management Corporation.

Sincerely,

Andrew S. McMullan
President
Thermo-Scan Energy Management Corporation

Enclosures:
RSO Training Certificate for Keith Fettig

RECEIVED FEB 19 2013

CERTIFICATION OF RADIOLOGICAL, RSO, AND OPERATIONAL TRAINING

This will certify that on **July 9, 2012**

Keith Fettig

successfully completed the factory training course for the use of Seaman Nuclear Corporation's Density Moisture content gauges. Seminar content and the written examination covered the duties of Radiation Safety Officer (RSO), radiological safety, regulatory requirements, theory and operation of nuclear gauges, accident procedures, initial HAZMAT training, transportation regulations, and the procedures involved in the transport of portable nuclear density moisture gauges.

This certificate further attests that the above named has received instruction in the procedures necessary for accurate compaction testing in soils and asphaltic concrete.
