MEMORANDUM TO: William F. Burton, Branch Chief
Environmental Projects Branch 1
Division of New Reactor Licensing
Office of New Reactors

FROM: John-Chau Nguyen, Senior Project Manager **/RA/**
Environmental Projects Branch 1
Division of New Reactor Licensing
Office of New Reactors

Alicia R. Williamson, Project Manager
Environmental Projects Branch 1
Division of New Reactor Licensing
Office of New Reactors

SUBJECT: SUMMARY OF THE PUBLIC TELECONFERENCE TO DISCUSS
ENVIRONMENTAL REQUESTS FOR ADDITIONAL INFORMATION
DRAFT RESPONSES RELATING TO THE ALTERNATIVE SITE
SELECTION PROCESS FOR FLORIDA POWER AND LIGHT'S TURKEY
POINT UNITS 6 AND 7 COMBINED LICENSE APPLICATION

On Friday, February 1, 2013, members of the U.S. Nuclear Regulatory Commission (NRC) held a Category 1 public teleconference with representatives of Florida Power and Light (FPL) regarding the environmental review for Turkey Point Units 6 and 7 combined license (COL). The purpose of the teleconference was to further clarify, as appropriate, the requests for additional information (RAI) 6353 questions 1, 3, and 10 draft responses the NRC received from FPL relating to the alternative site selection process. RAI 6353 questions 1,3, and 10, and the draft responses discussed can be accessed in the NRC's Agency-wide Documents Access and Management System (ADAMS) under accession number (ML13002A496).

CONTACT: John-Chau Nguyen, NRO/DNRL
(301) 415-1177

Alicia Williamson, NRO/DNRL
(301) 415-1878

The meeting began with introduction from the participants. The NRC staff spent the remainder of the teleconference seeking clarity on the draft responses mentioned above. The result of the teleconference call assisted the NRC staff to better understand the draft responses and resulted in the following actions:

- RAI 6353 question 1: No additional information is needed and FPL will submit the final response.
- RAI 6353 question 3: NRC will send follow-up questions so FPL can provide more clarification in the final response. These follow up questions can be accessed in ADAMS under accession number (ML13042A155)
- RAI 6353 question 10: FPL will provide supplemental information when submitting the final response.

Before the meeting was adjourned, members of the public were invited to ask questions and provide comments. Attendees included members of the public, representatives of the NRC and its contractors, Pacific Northwest National Laboratory and Information Systems Laboratories, representatives from the U.S. Army Corps of Engineers and National Park Service, and FPL and its contractors.

A list of meeting attendees is provided in the enclosure.

Dockets Nos. 52-040 and 52-041
