AMENDMENT NOT NEEDED, CONTROL NO. 579639

Dear Mr. Hatfield:

This letter is in reference to your letter dated November 13, 2012, notifying the NRC in accordance with 10 CFR 35.14(b)(5), that you have modified the areas of use of byproduct material identified in your application dated May 4, 2009, where byproduct material is used under NRC License No. 47-25469-01

In accordance with 10 CFR 35.14(b)(5), your letter dated November 13, 2012 is accepted as notification that you have added to or changed the areas of use identified on your license where byproduct materials are used in accordance with 35.100 and 35.200.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities

Your cooperation is appreciated.

Sincerely,
