Subject: FW: missing TAR reply?

Bob,

Please review the TAR for the Review of Rev. 4 of the B&W Safeguards Contingency Plan. This is the formal TAR request I mentioned yesterday. Nick mentioned that Becca had gotten the incoming and was already on (or aware of it). Please let me know if you can support the review and the requested dates.

Thanks,

Robert

The Fuel Manufacturing Branch, in the Division of Fuel Cycle Safety and Safeguards, requests technical assistance for the following project:

Nick,

Thanks for the reminder. We should discuss tomorrow. It looks like I may not have sent it and I need to talk about revised dates.

I have been tracking all out going TARs and should have records for all the others.
However, this only work if I actual send the request.

Thanks,

Robert

Did we send a TAR request for Becca Richardson (Caldwell) to review a safeguards contingency plan from B&W (L33257)?

I don't see anything back from NSIR in my list
