Dear Mr. Alter:

This is to acknowledge receipt of your electronic correspondence to U.S. Nuclear Regulatory Commission Chairman Allison Macfarlane dated March 1, 2013, providing a Tallahassee Area Community, Inc., document on Black Range Minerals and Tallahassee Uranium, as well as your letters to NRC staff and the Colorado Department of Public Health and Environment. Your correspondence has been provided to the Commission, posted on our public website, and will be made part of the record for the Commission meeting on uranium recovery on February 20, 2013. I have also referred your letter to the Executive Director for Operations for consideration.

Sincerely,

/RA/

Annette L. Vietti-Cook
