Dennis,

During the conference call on 2/11, the staff indicated that they needed to check RAI 9.1.5-24 response before determining whether the response is acceptable. As indicated in the call, the staff found the following in RAI 9.1.5-24 response markups: 1) all items shown in Tier 1, Table 2.10.1-1 are not shown in Tier 2, Table 3.2.2 and 2) there should add a footnote to Table 9.1.5-1 to explain the "N/A" shown in the "Crane Type" column. These items are relatively straightforward and could be completed prior to Areva sending in final.
