Morning Chris,

Please see the attached drawing from Croft. As discussed in the meeting on the 7<sup>th</sup> August, could the NRC indicate if this format of drawing would answer query 1.1 of the RAI. With regards to changes to the drawing Table 1 has been added along with note 4. An extra column has also been added to the item list.

With regards to item 1.4 from the RAI, JoAnn indicated in the meeting that she needed to check with colleagues with regards to our proposed response. Has she had an opportunity to do this and would it be possible to get the response?

Thank you,  
Sarah
