Have not seen hide nor hair of it. Don't know how big it is, or how difficult it would be, but if you can respond with just the structural portion of the response attached, that would be very helpful to all concerned.

Thanks for the update. Chris

Hi Chris

I sent the full response to you on Thursday via email and I submitted all the documents into your document control desk on Thursday (September, 6). Did you not get any of the information? If not I can email them in smaller bits as it may have been caught in some spam filter.

Thank you,  
Sarah

**Subject:** RAI Response

I wanted to inquire about your progress on responding to the request for additional information. A big reason for asking the question is that the structural reviewer associated with the review (b)(6)

(b)(6) If you are unable to provide all of the RAI responses, perhaps you could provide the structural responses at a minimum. Hopefully, that will prevent the LS package construction schedule from being impacted. If you need to discuss, I'm available for a phone call after 10 A.M. EST (I believe that is after 3 P.M. your time.) Please let me know as soon as possible.

Thanks, Chris
