Subject: Plan for Issuance of an Order - Oconee External Flood Plan

Hi,

We will be scheduling a meeting for next week to discuss the Order that we plan to issue sometime in the future with regards to the Oconee external flooding issue. We hope that you will join us to support us with this initiative. We've attached a document that lays out the "Order Team" and milestones...pls note that the dates for the completion of the milestones are no longer valid since we are first planning to issue a letter. Tiana will be sending out a scheduler for the meeting tomorrow. Thanks in advance for your support and pls call either myself or George Wilson if you have any questions or concerns.

Thanks,
Meena
