Meena, in the below email you sent out last spring you implied that the attached version of the documented evaluation was completed. Have we ever taken this to final stage? Is this now the position of the agency?

Thanks.

Jeff

Attached is the staff's adequate protection backfit documented evaluation with regards to the Oconee external flooding issue for your comment. We really appreciate all of the support that we received from Jeff Mitman, Geary Mizuno, and Andrea Russell with this initiative. Pls contact George Wilson or myself if you have any questions or comments.

Thanks,
Meena
