Good Morning Rosalyn,

Thank you for your prompt response and follow up phone message yesterday. My apologies for not replying directly but I had forwarded your email to our radiation consultant Sean Chapel of IRSC at his request. He did call last week and I believe had left another message yesterday so you may have already have spoken with him by the time that you receive this. I will touch base this morning in either case. Thank you.

Regards,

Forest

Subject: Exempt Distribution License/Sealed Source Device Registration

Mr. Hatcher,

We received your request for an exempt distribution license and a sealed source device registration along with check number 1037 in the amount of \$500.00. However, the application fees (10 CFR Part 170.21) for the exempt distribution license (fee category 3H) that you requested is \$4,300 and for the sealed source device registration (fee category 9A) is \$7,700. Therefore, fees in the amount of \$11,500 (less the \$500 received) must be submitted before the approval process for this license and registration can begin. If you need additional information, please do not hesitate to contact me.

Thank you,

Rosalyn C. Jones
