Subject: Support Emergency Planning Petition

I wish to become a co-petitioner on the Petition for Rulemaking submitted February 15, 2012 by Public Citizen, Nuclear Information and Resource Service and 36 other organizations.

This petition would make substantial and necessary improvements in the Nuclear Regulatory Commission's emergency planning regulations.

I live within a danger zone of one of Hesse monsters, I would like to know what measures are in place in the event of any disaster and I would like to be involved in any future planning regarding it. It is located in Haddam , CT.

Please inform me when this petition is docketed for public comment. Thank you.

Sincerely,

Pamela Defilippo
