Ujagar,

Yes. I have an Excel file with the information that needs to be entered into GLTS. Although I am sure it is not a format most useful to you. I will do some housekeeping on the file and forward it to you tomorrow. Thank you for your assistance in this matter.

Sincerely,

Hi Scott,

Is it possible to put a few of these in a Excel File with Remarks at the far end each entry? This will facilitate the process the data into ADAMS and subsequently into GLTS.

Thank you for your dedicated hard work.

Mr. Bachu,  
RI has reviewed lists of NARM possessors provided by the states in our jurisdiction. During the process of reconciling the possessor lists with NRC's databases, including GLTS, we have identified several possessors that are not documented in the GLTS. I have been assigned the responsibility of informing you of these possessors and their material. I plan to provide you with the information over the next couple of months via e-mails. We plan to have all outstanding items completed by the end of this year.

Let me know if you have any questions.

Sincerely,  
Scott Wilson
