Subject: Grand Gulf Nuclear Station Request for Additional Information Regarding Physical Security Plan (TAC D91660)
Attachments: Rev 14 RAIs.pdf

Jeff and Steve,

By letter dated December 19, 2012 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML12361A304, Entergy Operations, Inc. submitted the Grand Gulf Nuclear Station's Physical Security Plan (PSP), Training and Qualification Plan, and Safeguards Contingency Plan (SCP), Revision 14. The U.S. Nuclear Regulatory Commission (NRC) staff is currently reviewing the submittal to ensure compliance with Title 10 of the *Code of Federal Regulations* (10 CFR), Section 50.54(p)(2). The NRC staff has determined that additional information is needed to complete our review of this request. This request for additional information (RAI) was discussed with Mr. Steven Ward on March 18, 2013, and it was agreed that a response would be provided within 30 days of receipt of this email. If circumstances result in the need to revise the requested response date, please contact me at (301) 415-1445 or via e-mail at Alan.Wang@nrc.gov.

The RAIs are attached and related to your PSP dated December 19, 2012. Because the RAIs contain security-related information I ask that you send me an email acknowledging that you have the questions and that you have saved questions and deleted the email.

Alan Wang
