PD Certificate in Diagnostic Medical Physics  
ABR ID: P5282

Dear Mr. Daneshvarnezhad,

I am pleased to inform you that you passed the oral examination held on November 6-7, 2011. The American Board of Radiology grants you a Certificate in Diagnostic Medical Physics. This is a ten-year time-limited certificate that is valid through December 31, 2021.

In addition, you have satisfied the NRC training requirements enabling you to be recognized as an ABR Diplomate in Diagnostic Medical Physics who is eligible to become a Radiation Safety Officer (RSO) via the certification pathway in 10 CFR 35.50(e)(2). Thus, you will receive the "RSO-Eligible" designation on your certificate.

Our printer will send your certificate to the above address in approximately three months. Your name will appear on the certificate as shown above. If you have an address change, you may update your address in your personal database (PDB). Legal name changes cannot be made on the PDB as they require supporting documentation. If you wish to have your name displayed differently on your certificate, please submit a name change request in writing to the ABR office by December 22, 2011. Your name and demographic information also will be included in a directory published by the American Board of Medical Specialties. It is your responsibility to notify other local, state, or national organizations of your certification.

Important information about your Maintenance of Certification process is enclosed. Please review it and respond as requested.

Personally, and on behalf of the Board of Trustees of the American Board of Radiology, I wish to congratulate you for this distinguished achievement.

Sincerely,

Gary J. Becker, MD
