SUMMARY

The Nuclear Regulatory Commission (NRC) contacted Croft Associates Limited to inform them that concurrence on a letter requesting additional information was almost completed and to identify a date on which a conference call could be held to discuss the information requests. Croft indicated that a conference call at 10 A.M. EST on either March 19, 20 or 21 would be best for them. The Project Manager committed to scheduling a teleconference on March 21 and to supply a draft of the RAIs via e-mail.

The call was concluded at approximately 7:15 A.M. EST.
