EXTENSION OF REGULATORY COMMITMENT SCHEDULE

Dear Sir:

On July 24, 2012, Luminant Generation Company LLC (Luminant) submitted a response to Request for Additional Information 261 (6527) regarding three Fukushima Near-Term Task Force recommendations (ML12207A599). In that response, Luminant included three Regulatory Commitments to provide additional information based on work being completed for both the US-APWR Design Control Document (DCD) and the Combined License (COL) Application for Comanche Peak Nuclear Power Plant Units (Comanche Peak) 3 and 4. This letter extends the schedule dates for those three commitments as shown in the table provided on page 2.

Luminant is extending the dates for these commitments to ensure comprehensive responses to address the applicable Comanche Peak 3 and 4 COL near-term Fukushima issues. The revised schedule is based in part on new COL information items added to the DCD by Mitsubishi Heavy Industries letter UAP-HF-13052 dated March 4, 2013. The revised schedule will ensure Luminant is able to provide high quality submittals fully addressing the commitments and the new COL information items.

Should you have any questions regarding this schedule extension, please contact Don Woodlan (254-897-6887, Donald.Woodlan@luminant.com) or me.

I state under penalty of perjury that the foregoing is true and correct.

Executed on March 18, 2013.

Sincerely,

Luminant Generation Company LLC

Rafael Flores
