Dear Mr. Nist:

In NRC Form 314 "Certificate of Disposition" dated December 21, 2012, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC Material License No. 07-32714-01G. The NRC staff has reviewed your final status information. Based on its review, the staff has concluded that all licensable radioactive material has been removed from your facility.

Based on these conclusions no further remediation or actions with respect to NRC regulated material is required. Your facility is suitable for unrestricted use and NRC license number 07-32714-01G (Siemens Healthcare Diagnostics) is hereby terminated.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
