DOMINION ENERGY KEWAUNEE, INC.
KEWAUNEE POWER STATION
NRC INSPECTION REPORT 05000305/2013007
NOTIFICATION OF INTENTIONS: EA-12-266

Dominion Energy Kewaunee, Inc. (DEK) has reviewed NRC Inspection Report No. 05000305/2013007, dated March 4, 2013 (reference 1). The report documented a preliminary White finding and two apparent violations for Fire Protection Program issues for Kewaunee Power Station.

While DEK appreciates the opportunity to present our perspective on the facts and assumptions associated with these issues, we feel that information has already been provided during the inspection. Therefore, DEK has decided to not respond to any of the options for the finding or the apparent violations. I notified Mr. Eric Duncan of the NRC of this decision by telephone on March 14, 2013. DEK will respond as directed in the final NRC report concerning these issues.

If you have questions or require additional information, please feel free to contact Mr. Richard Repshas at 920-388-8217.

Very truly yours,
