RE: Freedom of Information Act Request: NUMEC-Apollo Matter

Dear NRC FOIA Officer:

This is request for records. It is made pursuant to the Freedom of Information Act.

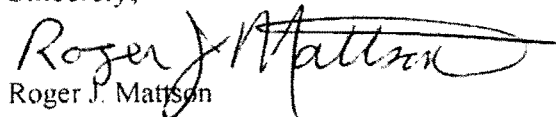

This letter is to amend and restate my attached FOIA request of March 4, 2013, which now bears the NRC number 2013-0158. Discussion with your office has led to my decision that the most economical way to find if there ever was a Commission briefing of the sort discussed in the June 13, 1978 memorandum authored by Mr. Long of NRC would to search the Commission Calendars for the time period June 1978 through December 1981. Accordingly, please provide a copy of those calendars pursuant to the FOIA.

I understand that NRC has approved my request for a waiver of the fees associated with this amended request. I will pay the duplication charges, which I prefer to be in the form of scanned copies of the Calendars that can be read electronically in pdf form.

Thank you for your help in focusing this FOIA request.

As I often have told others in the past, NRC does a better job at implementing the FOIA than any agency with which I am familiar.

Sincerely,

Roger J. Mattson

Attachment: Mattson FOIA request of March 4, 2013, including Mr. Long's one-page memo of June 13, 1978 and its one page attachment
