Hello Mr. Bull Chief. I'm following up on our conversation last week about whether the Crow Nation would like to participate in the tribal survey for the Dewey-Burdock project area. Last time we spoke you indicated that the tribe was likely to be interested but I believe you said you needed to confirm this with your tribal leaders.

Today is the deadline to confirm participation. Please respond as soon as you can.

Dear Mr. Bull Chief,

It was a pleasure talking to you today about the Tribal Survey for the Dewey Burdock project in southwest South Dakota. As you requested, I've attached a copy of the Nuclear Regulatory Commission's invitation letter dated February 8, 2013 for your review and consideration.

Please note that the NRC has requested a reply no later than Tuesday March 12, 2013 if representatives from the Crow Nation would like to participate in the survey. An email confirming your tribe's interest in the survey would be fine.

I've copied Haimanot Yilma, NRC's Project Manager, in case you have any questions about the project or the survey that you'd like to direct to her. Her phone number at NRC headquarters in Maryland is 301-415-8029.

Respectfully,

Randy Withrow
