2/21/2013 PM John Miller spoke with Glen Palmer, Vice President Operations – PharmaLogics and reminded him of his responsibility to decommission the facility at 9 Krupp Drive, Williston VT. Miller reviewed with Mr. Palmer that he needed to remove all the radioactive material including waste from the site, perform surveys to confirm there was no residual radioactive contamination in accordance with 10 CFR 30.36 and assure the appropriate documentation is submitted to the NRC in accordance with 10 CFR 30.36(j). Miller informed Mr. Palmer that until he has decommissioned the 9 Krupp Drive facility and it is removed from his license, he is still responsible for controlling access to the facility. Mr. Palmer acknowledged that he understood the regulatory requirements associated with the closure of the facility at 9 Krupp Drive.
