SUBJECT: STATUS REPORT

Dear Mr. Ryder:

Westinghouse Electric Company LLC (Westinghouse) herein provides a status report of the Nuclear Criticality Safety Improvement Project – II in accordance with License Safety Condition S-7. The enclosed figure reflects the status of completed activities through the end of March 2013.

In regards to the additional structural and seismic response analysis, of the major deliverables associated with the enhanced seismic program, five of nine major milestones are complete.

There were no new Nuclear Criticality Safety related validation reports issued or revised in the fourth quarter of 2012.

Should you have any further questions, please contact me at (803) 647-3338.

Sincerely,

A handwritten signature in blue ink that reads "Nancy Blair Parr".
