

CONCLUSIONS

Joint BWROG/PWROG Activities

Related to

Severe Accident Management

Harry Goodman, Entergy
Vice Chairman, BWROG

Conclusions

The BWR and PWR Owners Group Severe Accident Management activities have significant commonalities

- Common technical basis (EPRI Report)
- Incorporates FLEX Support Guidance
- Addresses command and control
- Interfaces with other procedures and guidance
- Joint Task Force program plan for responding to NTTF Recommendation 8

The BWR and PWR Owners Groups will share best practices during development of severe accident management tools
