Mr. Reichard called Mr. Rivera Febus to ensure that he was aware of the expiration of the Type B certification of the QSA Model 660 radiography camera. Mr. Rivera Febus said that he was made aware of this during his recent inspection. He stated that he sent an amendment request to add the QSA model 880 cameras to his license earlier this week. He indicated that we should receive this request soon. He stated that after the NRC amends his license, he will obtain 880 cameras and phase out the 660s.
