SUBJECT
RAI clarification meeting for Prairie Island ISFSI LRA

SUMMARY
On March 18, the NRC staff held a RAI clarification teleconference with representatives of Xcel Energy in response to the NRC January 31 request for additional information (RAI), which identifies additional information the staff needs in connection with its review of this application. The purpose of the RAI clarification teleconference is to ensure a common understanding of the RAIs and ensure that the RAI is not already addressed in the current submittal. Questions pertaining to the high burnup RAI were deferred for a separate teleconference to arrange for participation by the appropriate NRC staff.

NRC participants: Steve Ruffin, Matthew Gordon, Joseph Borowsky, Neil Day, Eliezer Goldfeiz, Zhian Li

CNWRA participants: Asadul Chowdury, Lynn Tipton

Xcel Energy participants: Brian R Zelenak, Oley Nelson, Tim Morrison, Lee Samson, Kyle Kriesel
