RE: Renewal Application for USA/9148/B(U)-85 (Current Revision 8)

Dear Ms. Akhavannik:

Enclosed please find a copy of drawing R77091 Revision A. This drawing is submitted to replace drawing R77090 Revision D currently referenced on the Type B certificate. Since drawing R77090 had been revised numerous times to cover a package configuration that was never approved under the Type B certificate, it was decided to generate a new drawing that would (1) begin with the configuration described on drawing R77090 Revision D and (2) incorporated the codes and standards to be used on weld repairs as requested in your email dated 22 Feb 2013. Should you have any additional questions or wish to discuss this submission after receipt please feel free to contact me.

Sincerely,
