TRAINING: No.

REMARKS: IMC 1248, "Formal Qualifications Program for Federal and State Material and Environmental Management Programs," is an initial issuance, establishing the FSME qualification program.

MC 1248 Appendix A, "Materials Health Physics License Review Qualification Journal," has been renamed from IMC 1246 App E01 to IMC 1248 App A. and was created to remove and separate FSME activities from IMC 1246 Appendix E1 NMSS manual chapter series. The qualification journal was completely revised to accommodate this change and include specific FSME information (i.e. the security of radioactive materials).

IMC 1248 Appendix B, "Materials Health Physics Inspector Qualification Journal," was renamed from IMC 1246 Appendix E2 NMSS manual chapter series. The qualification journal was completely revised to accommodate this change and include specific FSME information (i.e. the security of radioactive materials).

IMC 1248 Appendix C, "Training Requirements and Qualification Journal for Materials Exempt Distribution License Reviewer," was created to replace IMC 1246 Appendix E6 and remove FSME activities from the NMSS qualification journal IMC 1246 series. The qualification was originally published on January 5, 2001. No changes were made to the training requirements or qualification journal since they were published on January 5, 2001.

IMC 1248 Appendix D, "Training Requirements and Qualification Journal for Byproduct Material Sealed Source and Device Reviewer," was created to replace IMC 1246 Appendix E9 and remove FSME activities from the NMSS qualification journal IMC 1246 series. The qualification was originally published on February 11, 2004. No changes were made to the training requirements or qualification journal since they were published on February 11, 2004.

IMC 1248 Appendix E, "Training Requirements and Qualification Journal for Division of Waste Management Inspector and License Reviewer," was created to replace IMC 1246 Appendix E3 and remove FSME activities from the NMSS qualification journal IMC 1246. The qualification was originally published on January 5, 2001. No changes were made to the training requirements or qualification journal since they were published on January 5, 2001.

IMC 1248 Appendix F, "Training Requirements and Qualification Journal for Decommissioning Inspectors," was created to replace IMC 1246 Appendix E4 and remove FSME activities from NMSS qualification journal IMC 1246. The qualification was originally published on January 5, 2001. No changes were made to the training requirements or qualification journal since they were published on January 5, 2001.

IMC 1248 Appendix G, "Training Requirements and Qualification Journal for Decommissioning Project Managers/Technical Reviewers," was created to replace IMC 1246 Appendix E5 and remove FSME activities from the NMSS qualification journal IMC 1246 series. The qualification was originally published on April 14, 2003. No changes were made to the training requirements or qualification journal since they were published on April 14, 2003.

IMC 1248 Appendix H, "Training Requirements and Qualification Journal for Uranium Recovery Inspector," was created to replace IMC 1246 Appendix E7 and remove FSME activities from the NMSS qualification journal IMC 1246 series. The qualification was originally published on January 5, 2001. No changes were made to the training requirements or qualification journal since they were published on January 5, 2001.

IMC 1248 Appendix I, "Training Requirements and Qualification Journal for Uranium Recovery Project Manager/Technical Reviewer," was created to replace IMC 1246 Appendix E8 and remove FSME activities from the NMSS qualification journal IMC 1246 series. The qualification was originally published on January 5, 2001. No changes were made to the training requirements or qualification journal since they were published on January 5, 2001.

IP 73758, "Part 52, Functional Design and Qualification, and Preservice and Inservice Testing Programs for Pumps, Valves and Dynamic Restraints," is an initial issuance to support inspections of construction programs described in IMC 2504, "Construction Inspection Program: Inspection of Construction and Operational Programs." Completed 4 year search of historical CNs and found no commitments related to this Inspection Procedure.

DISTRIBUTION: Standard
