SUBJECT: TRANSMITTAL OF CULTURAL RESOURCE DOCUMENTS FOR
HYDRO RESOURCES, INC. CROWNPOINT URANIUM PROJECT

Dear Mr. Taylor:

By letter dated September 11, 2012, Hydro Resources, Inc. (HRI) submitted to the U.S. Nuclear Regulatory Commission (NRC) a compilation of documents related to National Historic Preservation Act Section 106 consultation for HRI's Crownpoint Uranium Project, New Mexico. The NRC staff stated in a March 18, 2013, public meeting that the documents had previously been forwarded to you for review. NRC staff was mistaken. The documents have been located and are now being provided to you. The documents will be placed into NRC's Agencywide Documents Access and Management System as nonpublic and will remain so while NRC staff completes its Sensitive Unclassified Non-Safeguards Information review to determine if some or all of the documents may be publicly released.

If you have any specific questions or comments on the Crownpoint Uranium Project, please contact me at 301-415-7777 or by email at Ron.Linton@nrc.gov.

Sincerely,
