

April 17, 2013

Pamela J. Henderson, Deputy Director
Division Materials Safety and State Agreements
Office of Federal and State Materials and
Environmental Management Programs
U.S. Nuclear Regulatory Commission
T8-E24
Washington, D.C. 20555-0001

Dear Ms. Henderson:

The definition of "Byproduct material" was revised in our Radiation Control Act in 2012. A copy of the Radiation Control Act is attached. Nebraska Statute 71-3503 "Terms, defined" can also be found at
<http://nebraskalegislature.gov/laws/statutes.php?statute=71-3503>

The definition of "Byproduct material" is also found in 180 NAC 1-002 of our regulations at:
[http://www.sos.state.ne.us/rules-and-regs/regsearch/Rules/Health and Human Services System/Title-180/Chapter-01.pdf](http://www.sos.state.ne.us/rules-and-regs/regsearch/Rules/Health%20and%20Human%20Services%20System/Title-180/Chapter-01.pdf)

This statute change and regulations change will satisfy the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200 for the definition of "Byproduct Material" in NRC RAT'S ID 2007-03 "Requirements for Expanded Definition of Byproduct Material "

If you have any questions, please feel free to contact me at 402-471-0560 or Trudy.Hill@Nebraska.gov.

Sincerely,

Trudy K. Hill,
Radiological Health Specialist
Office of Radiological Health

Attachment:
Statute 71-3503
